EWI USB

USB WIND INSTRUMENT

GET EXPRESSIVE. Akai Professional's decades of experience in wind and electronic music instruments are rolled into our most user friendly — and most affordable — EWI ever. The EWI USB gives wind players the expressive musical capabilities previously found only in much more expensive instruments. The EWI USB harnesses your computer to generate its sounds. It comes with custom Garritan Aria Player software containing more than 80 different orchestral, concert band, jazz band, and synthesizer sound sets expertly recorded and programmed by Garritan, renowned for its ultra-realistic instrument sound libraries. EWI USB offers multiple fingering modes including sax, traditional EWI, flute, oboe, and EVI (brass), so whether you're just starting out as a woodwind student or an old pro wind player, you'll find EWI USB easy to play. EWI USB is designed for you to spend your time playing music; not learning technology.

Discover the world of expression that only wind instruments can offer with EWI USB.
